

PAINT STRIPPERS

Features

Range of products developed for industrial paint stripping of all metal surfaces and plastic. Based on particular organic fluids, non dangerous, with low vapor pressure. Non-hazardous, non-toxic products, free of methylene chloride, NMP and other toxic substances, unlike traditional paint stripper. Effective solutions at low temperature.

Product range

Product	Description	Application	Base
SVERTEC L-005	Alkaline paint stripper for ferrous metal. Also effective on silicone masks.	Dip in washing tanks, with or without ultrasounds. Temperature 35— 60°C.	Solvent (non-hazardous, non-flammable)
SVERTEC L-009	Alkaline paint stripper for ferrous metal.	Dip in washing tanks, with or without ultrasounds. Temperature 50 — 70°C.	Water
SVERTEC L-012	Acid paint stripper for aluminum and light alloys.	Dipping tanks, in case of air extraction. Temperature 50 — 70°C.	Solvent
SVERTEC L-016	Acid paint stripper for aluminum and light alloys.	Dip in washing tanks, in case of air extraction. Temperature 18 — 30°C.	Solvent
SVERTEC L-019	Alkaline paint stripper for ferrous metal.	Dip in washing tanks, with or without ultrasounds. Temperature 50 — 70°C.	Water
SVERTEC L-020/B	Alkaline paint stripper for ferrous metal.	Dip in washing tanks, with or without ultrasounds. Room temp — 60°C.	Solvent
SVERTEC L-022	Neutral paint stripper. Particularly suitable for multi metal applications and for stripping of hooks.	Dip in washing tanks, with or without ultrasounds. Room temp — 60°C.	Solvent

CHEMTEC S.r.l.

REGISTERED OFFICE: Via G. Boccaccio 29, 20123 Milano, Italia
OPERATING OFFICE: Via A. da Giussano 36/O, 20011 Corbetta (MI) Italia
T: +39(0)292867461—F: +39(0)287366254—info@chemtec.it—www.chemtec.it—P.IVA 07131480969

Advantages

- ⇒ Non-toxic and harmful product
- ⇒ Excellent paint stripping on each metal
- ⇒ Reduction of energy consumption
- ⇒ Reduction of chemical product consumption

Benefits

- ⇒ Rapid, effective and quick paint stripping, at competitive costs on each metal item for each industrial paint, without use toxic substances
- ⇒ Environmental impact minimization
- ⇒ Improvement of the safety conditions in the workplace (compared to traditional paint strippers)

Packaging

Paint strippers are available in:

- √ 23 kg drums
- √ 200 kg drums
- √ 1000 kg IBC

Target client

- √ General industry
- √ Plastic painting
- √ Architecture
- √ Automotive for plastic components
